We've begun our Social Injustice unit and are reading novels in class on various historical examples of civil mistreatment. There will not be much homework through the end of the quarter, as the literature circles focus on discussions, reactions, and clarification of new concepts and material. Daily points are awarded for participation in discussion groups and for respectful reading etiquette. More details about the unit's culmination to follow as the quarter concludes. We'll be writing some in class responses to the material.

Looking ahead, however, students should be preparing for our MEGAMAP QUIZ, which falls on Wednesday, March 10. They will be asked to identify at least 125 countries/states/continents/bodies of water from a world map. If a student can successfully identify 150, he or she is exempt from the 4th quarter megamap quiz.
