Q3 District Test is Thursday 3/11—use study guide to prepare for the test

Advanced Science: (DEJONG: Gay.DeJong@k12.sd.us)

Read Chapter 15, Sec. 2—Mammals—completed reading guide in class
Q3 District Test is Thursday 3/11—use study guide to prepare for the test

Social Studies: (HURLY: adam.hurly@k12.sd.us)

On Wednesday, March 10, we'll take our MEGAMAP test, and students will identify 125 countries, states, continents, and bodies of water for a perfect score. If a student can accurately identify 150, he or she is exempt from the 4th quarter megamap test.

With lit circles behind us, we are starting a new chapter in our textbook on North Africa, Southwest Asia and Central Asia. We will pace ourselves through the unit over the next couple weeks, but no out of class homework will be assigned until 4th quarter--unless students get off track. Just study for the March 10 megamap test!

http://www.sheppardsoftware.com/African_Geography.htm

This links to a great Web site for practicing geography for the MegaMap test on March 10. It defaults to Africa, but the shortcuts to other continents and to the US are along the top.
