MegaMap test is **Tuesday, May 4**, requiring 150 identities of states, countries, continents, oceans, and lines of latitude/longitude. It is **150 points** and will significantly affect 4th quarter grades. All students should have a review packet at home from previous exams. Last quarter's requirement was 125 identities; any student who correctly identified more than 150 on the last quarter's exam is exempt from this exam.
